Services Held at D'Hanis

Edward A. Weynand of D'Hanis died Thursday, June 6, at the Medina Hospital in Hondo after a long illness.

Funeral services were held Sunday morning, June 9, at 9:00 o'clock in the Holy Cross Church. Rev. J. J. Gebermann officiated. Interment was in the D'Hanis cemetery. Pallbearers were Matt M. Koch, Eric Rothe, H. A. Biry, Paul Poerner, Henry L. Weynand and Alphonse Lutz. Members of the St. Joseph's Society and the American Legion formed a guard of honor beside the flag-draped casket.

Edward A. Weynand was born Jan. 30, 1894, of Joseph and Theresa Poerner in their home on Rio Seco several miles north of D'Hanis. Here he lived until 1917 when he entered the U. S. Army. After eighteen months in the army, ten of which he spent overseas, he returned to D'Hanis.

On Jan. 27, 1920, he was married at Lening, Texas, to Miss Gertrude Haiduk. After a few years Mr. and Mrs. Weynand made their home in San Antonio where he was employed as a contractor and brick mason. Because of ill health he returned to his old home where he spent the remainder of his life as a stock farmer.

During the past several years Mr. Weynand was in failing health. His condition became serious about ten days ago, and he was taken to the hospital in Hondo, where he died at 9:10 p. m. on Thursday, June 6, completing a life of 52 years, four months and six days.

Survivors are the widow; four daughters, Bertha, Gertrude, Catherine, and Marie Weynand; one son, Edward J. Weynand; his aged mother, one sister, Mrs. Emma Friend of Canyon; two brothers, William A. Weynand of D'Hanis and George Weynand of San Antonio.

He was a member of St. Joseph's society and an honorary member of the American Legion. A life-long Catholic, a kind husband and devoted father, Mr. Weynand has left many relatives and friends to mourn his loss.

Red Cross Electing Officers This Week

The Hondo chapter of the American Red Cross will elect officers Monday at two p. m. in their third floor room above Nester's grocery store. All paid up members are eligible to vote. The June 17 election will select a chairman, vice-chairman, secretary, treasurer, and five committeemen.

The chairman then appoints heads of other committees, such as the camp and hospital, nutrition, safety, and health committees.

Paul J. Reilly is the chairman at present, and he wants a good representation at the balloting.

The nominating committee is composed of Mrs. J. R. Duncan, Mrs. H. Z. Windrow and Mrs. Fabian Garrison.

DISTRICT JUDGE HERE WEDNESDAY

Hon. K. K. Woodley, District Judge of Sabinal, was in Hondo Wednesday afternoon for a brief session of District Court. Only one case was heard, Jacinto Aguilera's application to remove the disabilities of a minor. District Attorney R. J. Noonan was appointed guardian ad litem for the minor and the judgment was entered removing the disabilities as per decree.

On June 10 an additional case was filed on the docket of the District Court as follows: Raymond Castillo vs. Lauretta Mae Castillo, divorce.

Court re-convenes on July 11th.

PIRATES WHIP COMFORT

The D'Hanis Pirates resumed their winning ways again Sunday when they turned back the Comfort team 9 to 2 at Jackson Field. "Ep" Finger turned in a sterling performance on the mound for the Pirates mance on to ten batters and effectively scattered seven hits. The first ten men to face him were retired in order, seven of them via the strikeout route.

HOUSING NEEDED

The new construction work commencing soon on Highway No. 90 will bring in an influx of both married and single men to Hondo. The work will last from six to eight months and the Hondo Chamber of Commerce suggests that people list for rental their rooms, apartments and houses, with the Secretary of the Chamber of Commerce.

MARRIAGE LICENSES

June 6, Alfred W. Bader and Frances Elizabeth Martin.

June 7, Leslie C. Schlentz and Mildred Evelyn Besch.

June 8, Thomas A. Patterson and Ruth Howell.

June 8, Ralph F. Ward and Betty Lou Munson.

GETS AWARD

CALVIN BALZEN

Calvin Balzen, above, won the Wilson Meat Packing Company's award for Medina county production in 1945, it was announced here last week. He is the son of Mr. and Mrs. Charles Balzen.

Calvin fed out three calves, two litters of hogs and eighteen steers. His five calves totalled 4455 pounds, and sold for \$1296.48. The net return on the five was \$541.10. Fifteen hogs from two litters sold for \$465.61, netting \$251.11. The eighteen steers weighed 15310 pounds brought \$2,328.95 and netted Calvin \$528.95.

Two Jailed For Knifing

A drunken brawl in front of a local cafe about 8 p. m. Monday, June 10, sent two men to the hospital for treatment of knife wounds and landed two others in the county jail, according to Sheriff Jack M. Fusselman. Raymond Gonzalez and Alfredo Gonzales of Reagan Wells were able to leave the hospital the next day. They have been billed in Justice of the Peace Court for drunkenness but up to time of going to press their hearing had not been held.

Camillo Barron and Jesus Barron, two Hondo veterans, were lodged in jail and at 9 a. m. Thursday their trial was held in County Court before Judge A. H. Rothe. The two men were charged with aggravated assault and each drew a penalty of \$50.00 fine and 60 days in jail.

COMMUNITY CENTER REOPENS AFTER TEMPORARY CLOSING

Hondo's Community Center reopened Monday, June 10, with a regular schedule. During this and the next week the Methodists are holding a vacation Bible school. The center will be open to the public each afternoon from three until six, Monday through Friday. As usual the center will be open on Friday and Saturday evenings from 8 to 12. Saturday afternoons from 12:30 to 6, and Sunday afternoon from 2 until 5.

Subscription List Brought Up-to-Date

The mailing list of The Hondo Anvil Herald has been corrected up to June 9, 1946. If the date stamped after your name does not correspond with the date to which you have paid, please let us know at once so that we can correct our records.

The dates are coded. For instance, 1-1-47 would mean that you were paid to the 1st month, or January, and the first day, or January 1, 1947. 6-5-46 would indicate that you were credited up to the sixth month, or June, and the fifth day, or June 5, 1946.

Son of Old Subscriber First to Renew

When Fletcher Davis bought The Castroville Anvil almost half a century ago, Charles Halty's father was on the original subscription list. Mr. Halty, a well known farmer from the LaCoste community, was the first man to renew his subscription on June 1 after William E. Berger bought The Anvil Herald. The picture above shows the three men as they were discussing the strange coincidence. Left to right: Fletcher Davis, Charles Halty, and William E. Berger.

Sixty Thousand Dollars Paid to Medina County Farmers This Year

Joe Braden Named Lone Star Farmer

Joe Braden was awarded the Lone Star farming pin Wednesday morning, according to John McAnelly, Hondo agriculture teacher.

Given by the state department of vocational agriculture, the pin represents the highest award made by the state of Texas and one pin is granted in each county once a year.

Joe met all the requirements, including those concerning leadership cooperation, good financial returns on his livestock investments and total investment in agricultural enterprise.

BIDS ASKED ON MORE ROADS

Notice is being given contractors in this week's issue of The Hondo Anvil Herald that bids are wanted on 155 miles of new highway construction in Medina County.

Last week it was learned that nearly one hundred miles of new roads would be built, excluding mileage in towns and villages. The county court has included the distance in towns and villages now, and with other roads scheduled for improvement the total distance is more than half again the earlier estimate.

This program will give Hondo some improved streets, as well as improving the roads in all other county towns.

The court met at 10 a. m. Monday, June 10, in the regular session. All members were present, and monthly bills were approved and ordered paid.

Local Doctor Receives Honor

Dr. Henry J. Meyer, Hondo, and Dr. W. H. Smith, formerly of Hondo, have been presented with Selective Service Medals for World War II and certificates of merit for their services as examining physicians for the Medina county draft board.

The awards were given along with the following citation: "In appreciation of your loyal and faithful adherence to duty given voluntarily and without compensation to the impartial administration of the Selective Service System, the government of these United States expresses its gratitude in this public recognition of your patriotic services."

It was signed by President Harry S. Truman and General Lewis B. Hershey.

Both the medals and certificates were presented by Earl Starnes of the local board.

MASONS NAME DR. KNOPP AS WORSHIPFUL MASTER

The Hondo City lodge number 756, AF & AM lodge held its annual election of officers Monday, June 10, at the Masonic Hall.

The following were elected: Worshipful Master, Dr. T. B. Knopp; Senior Warden, O. E. Lacy; Junior Warden, Bruno Schweers; Secretary, Robert Burdin; Treasurer, E. J. Leinweber; Tyler, R. M. Chapman.

The installation of these elective and appointive officers will be on June 24.

Will Muennink is the past Worshipful Master.

Cedar Cutting, Terracing, Tank Building Pay Off

Nearly sixty thousand dollars has been earned by Medina County farmers during the past year in soil conservation work. Included are such projects as tank building, terracing, cedar elimination, mesquite cutting, contour farming, oats for winter grazing and winter cover crops of legumes.

Funds allocated to Medina County for 1946 conservation practices totaled \$79,747.00 and the total amount earned through June 10, 1946, was \$59,881.81.

Permits have been granted for \$19,865.19 worth of conservation work, and all this should be completed by July 1, according to the Medina County agricultural committee. The more work done by the 1st of July, the greater chance of getting a larger allotment for the next year.

James M. Ratliff of the county AAA office told The Anvil Herald Wednesday that there was \$2742.13 available now for work to be done this year. He urged immediate action on making applications.

The payment for cutting cedar ranges from \$1 to \$3 per acre, depending on the thickness of growth.

Ball Clubs Play Summer Schedule

Hondo softball league play gets underway next Tuesday when the Hondo Army Air Field team meets the G & M Grocers at the Hondo Air Field. All games will be played out there until further notice, it was announced yesterday. The game will start at 6:15 p. m. Another match will be on Thursday when the Lions Club meets the Southwestern Horseman team.

There will be a game on each Tuesday and Thursday evening at 6:15, and five clubs have been organized. The teams are as follows:

1. Hondo Army Air Field.
2. G. & M. Grocers.
3. Lions.

Girls Earning School Credits This Summer

Nine Hondo High School girls are participating in a summer project in Homemaking. Miss Minnie Appling, teacher of homemaking has announced. These students will assume various duties at home during the summer, for which they will obtain 1/2 credit toward their high school graduation.

They plan to meet once a week at the school building during the month of June to work on group projects to improve the homemaking department. At their last meeting they washed and stored all the dishes. This week they planned to meet on Thursday at 10:00 a. m. and spend several hours working at other "chores", taking time out at noon to enjoy a picnic lunch. Before the month ends, the girls will have cleaned the homemaking department, painted the bulletin board and flower pots, and hope to re-cover the couch and make curtains for the living room.

Girls taking part in these activities with the name of their home projects are as follows: Margaret Ann Schweers, yard work; Carolyn Eckhart, summer wardrobe; Grace Ward, meal preparation; Zella Mae Schweers, school wardrobe; Edren Bohmfalk, summer wardrobe; Catherine Bendele, meal preparation; Dorothy Mayberry, care of home; Dianne Muennink, care of clothes; and Betty Jane Turvey, redecoration of room.

BUS SERVICE STARTED

Bus service connecting Devine with Bandera via Hondo has recently been initiated. At present, there is only one round trip daily, but in the near future there will be two trips daily.

and the farmers pay whatever is necessary to get the job done. Terracing brings a government check of \$1.50 per hundred feet, and the terracing machine operators usually get \$1.80 per hundred feet. Tanks for water storage are paid for at the rate of 8¢ per cubic yard for excavation and 10¢ per yard for dam building. The tractor owners have been doing the work for 18-20¢ per yard.

Among the Medina County farmers participating are Elmer Leinweber, who has a lot of cedar cut; W. C. Scott, terracing; Rudolph Haby, cedar cutting; Charles Monkhouse, 10,602 feet of terracing; Bill Jagge, cedar cutting; E. E. Wilson, tanks and wells; and a number of others. Some are building tanks without any government aid, including Toby Taylor who is constructing a large "fish factory" now.

Former County Official Passes

Jacob Joseph Droitcourt, who for many years served Medina County as Treasurer, passed away Friday, June 7th in a San Antonio hospital. Funeral services were held Saturday, June 8, at 3 p. m. from Charles Hanavan funeral home and at 3:30 p. m. from St. Patrick Catholic Church in San Antonio. Monsignor Thomas Flynn conducted the last rites. Interment was made in San Fernando cemetery.

"Jack" Droitcourt was a native of Castroville. He was elected County Treasurer of this county in 1914, taking office on January 1, 1915, after which he became deputy for F. G. Muennink, then serving as County Tax Collector. He served in this capacity until 1934, when he moved with his family to Twin Sisters, Texas, where he has resided since.

Survivors are his widow, Mrs. Adela Droitcourt; daughter, Miss Madeline Droitcourt of San Antonio; one son, J. J. Droitcourt Jr., of San Antonio; a foster daughter, Mrs. Henry Denecamp of San Antonio; two brothers, Fritz Droitcourt of Castroville and Oscar Droitcourt of LaCoste; three sisters, Misses Olga, Hedwig and Cecilia Droitcourt of La Coste, and three grandchildren.

VFW To Entertain Hondo Pep Squad

Members of the Hondo High School pep squad who sold poppies recently will be the guests of the Hondo VFW post on June 20 at a special social.

All members are urged to bring their wives for this party.

At the last regular meeting, the local post decided to hold just one meeting each month, combining the business and social functions. The date was set as the last Thursday night of each month.

New members are being added at practically each meeting. Among those who joined last week were Sydney Bonnet, Hy M. Finger, Floyd Koch, and Mr. Taylor.

Guido Richter presided in the absence of the post commander, James Amberson.

LIONS WILL INSTALL NEW OFFICERS NEXT THURSDAY

A feminine note will be added to the Lions roar next Thursday night, when the wives of the Hondo club members join their husbands to witness installation of new officers. The club will omit the usual Wednesday meeting next week, making the installation ceremony serve the purpose.

Tickets for the affair, to be held in the community center, are on sale now and up until next Wednesday according to Allen Webster, the Lion designated as ducat salesman.

BROOMCORN HARVEST BEGINNING DOWN IN DEVINE AREA

The first of a large broomcorn crop is being harvested in the neighborhood around Devine this week. Not many fields are being cut yet, but the work is getting under way. Broomcorn looks good over most of the county, and should make a good yield.

June 6, Devine Mill & Elevator Co., Devine, 1946 Chevrolet truck.

June 7, Driscoll Lumber Co., Devine, 1946 Chevrolet H. L. Cab.

June 8, Carl F. Hiltman, San Antonio, 1946 Ford Tudor.

Erosion is a costly robber.

Hondo will have two football teams to follow this next fall instead of one. D. R. Vaughn, last year the assistant coach, will be the principal of the Hondo grade school and will coach a junior squad.

Limited in age, and restricted to seventh, eighth and ninth grade students, the junior footballers will not play on the same field with the main scheduled games. For instance, when Uvalde plays here Saturday, the younger boys will go to Uvalde Friday.

Great things are expected of the new program, as it will give the oncoming high school football replacements the experience they need in meeting older competition.

Mrs. Gus Benke telephoned us from D'Hanis this week, saying "Take that classified ad for bulls out of the paper. They've all been sold, and people keep calling up about them."

Well, that was good news, but not surprising, because we had just finished talking to Mrs. J. M. Eicholtz, who was tired of telling folks that her six weeks old pigs had been sold.

It seems that if you have something to sell, a classified ad in the ANVIL HERALD will do the trick.

Ten Hondo citizens have called the Medina County Health Unit to report unsanitary conditions that need correction, according to W. T. Mills. Thursday morning he was checking on some of them, and others will be seen very soon. There has been some difficulty in getting garbage picked up, but steps are being taken to insure that no delays will occur in the future.

This week we received two letters with interesting news notes, but there were no signatures on them. We appreciate all such help given us, and if those who submit stories will just sign their names we will be glad to use the information.

Sometimes even a simple personal note can be misconstrued, and we must know who gives us each item.

Two Hondo boys played in the All-Star game at Dallas Saturday night on opposing teams. Curtis Braden landed on second base in the team coached by Hap Morse of the Phillies while Blanton Taylor played under Lloyd Waner of Pittsburgh, holding down the third sack.

The Morsemen won 6-4. Taylor, who was scheduled to work out with the San Antonio Missions Monday, was unable to do so due to a right hand injury.

COUNTY AGENT WILL ATTEND SEGUN DISTRICT MEETING

Mr. C. M. Merritt, County Agent, and Mrs. Christine Mayberry, County Home Demonstration agent will attend a district meeting at Seguin on June 17th and 18th. The meeting is to be a joint session of County Agents and Home Demonstration agents.

Civil Service work, Teacher Retirement, and Group Insurance will be under discussion the first day of the meeting. The second day is scheduled to cover 4H Club work in general as well as apply to both boys and girls club work, and national and state clothing contests for the 4H Club girls.

FFA BOYS FISHING AT DEVILS RIVER THIS WEEK

Five men and 22 boys are on a four day fishing trip at Devils River near Del Rio this week. Men who are supervising the Future Farmers of America include Elgin Stiegler, Alvin Britsch, Robert Riff, Lawrence Wilson and John McAnelly. Boys scheduled to go included Tommy Amberson, Joe Braden, Selby Woolis, Odie Gilliam, John Henry Short, Robert Carle, A. G. Wenland, James Wenland, Horace Britsch, Gerald Britsch, Clinton Britsch, James Riff, Douglas Riff, Kenneth Oefinger, Edison Oefinger, Arlie Brucks, Buster Goff, Milton Walton, Oscar Ney, and several others. Some were unable to come at the last minute due to farm duties which could not be postponed.

KOCH CAR RECOVERED IN KANSAS

Mr. and Mrs. George Koch left Wednesday by train for Olathe, Kansas, where they will recover their car which was stolen in Hondo several weeks ago and drive it back home. The peace officers in Olathe found the car where it had been abandoned and through the F. B. I. notified Sheriff Fusselman. A wire to the Sheriff in Olathe brought the answer on June 10th that the car was in running condition and the owners left shortly thereafter to claim it.

COMMUNISTS LOSE OUT AT BALLOT BOX

WASHINGTON. — The Russian program for world political action is losing, and a change of front may eventuate from the Browder talks in the Kremlin.

Severest setback to Communist plans for postwar political aggression was defeat of their new constitution for France. Moscowites controlled the spirit of the French government since they defeated De Gaulle's policy of a strong army, and acquired collaboration of the Socialists. Their constitution proposed a single center of government authority in the chamber of deputies with a subservient president and cabinet.

Facially this appears like utmost democracy — somewhat like the superiority of the British parliament you might say. The majority of the French electorate was not fooled.

Every time the Communists go to the electorate, it seems, they are being rejected. In the French referendum on the subject last October, their proposal for a weak executive was defeated, although they succeeded in electing the largest bloc of delegates to the convention. In the convocations of international conferences and domestic political dickering, the Moscowites have won the most ground, but at the ballot box they have proved weak.

Labour Bans Communists.

Less conspicuous events than the French election disclose their forced retreat with even greater clarity. A spare three paragraphs in the London Times recently revealed the decision of the British Labor party to change its constitution so as to deny membership to Communists. This decision follows the disclosure made in this column a few weeks back, and not yet generally published, that the left wing unions in CIO were taking similar action, in similar quietude. The constitution of several CIO unions is being changed to ban Communist party members, and unquestionably labor in the two democracies is attempting to purge itself of the Communist influence.

It was in the light of these world-changing events that Earl Browder flew to Russia on his unexplained mission. The CP postwar political action in this country has been in the hands of the Fosterites who oppose co-operation with capitalism. Browder was ousted from party control here because he brought CP into co-operation for production during the war. Will the Moscowites now order a period of co-operation again?

I doubt it. Look at the matter the way Moscow looks at it, if you would find the answer. Capitalism was the first enemy chosen by Communism. Fascism became a later enemy. Fascism has now been eliminated as a world power. Communist aggression against capitalism can stop only through a genuine reorganization of its totalitarian ideals, and this is hardly to be expected now as the Russian government, flushed with victory and new power throughout the world, sees its greatest opportunity for world achievement.

Superficial Co-operation.

But there is another stronger reason for doubt. Democratic capitalism is struggling to its feet, following war. If the Communists co-operate and we get production, we may grow strong again. Therefore the Browder mission is likely to succeed only if the Kremlin becomes convinced capitalism will fall anyway, and a period of false appeasement is justified as a temporary strategic retreat. The decision could favor CP face lifting, and superficial co-operation, but could hardly run into genuine depths.

In these fundamental currents, some are saying the ultimate conflict will be between Socialism and Communism. But Socialism is a word which has lost more of its original definition than Communism. The Nazis were Socialists, so were the Fascists. So is Russia. The name of that Communist nation is The Union of Soviet Socialist Republics. British Socialism, on the other hand, clings to law, the parliamentary system and Democratic forms.

Events therefore are shaping the world conflict into a clash of Statism, Dictatorship, Communism on the one hand versus Democracy, Capitalism, Socialism on the other.

LEFT AND RIGHT WING RADICALS

One distinction may be noted between Communist strikes and regular union strikes. The Communist strike generally seeks political benefits. (Crusades for political issues or capitalist sabotage), while the union strikes are primarily concerned with wages and working conditions, and a desire to improve them. If wages are not the reason for a strike, look for CP somewhere in the background. The swift changes in CP line can be read in the Daily Worker.

URGES HIGHER PAY FOR CONGRESSMEN

New Political Groups Seek To Shape Parties' Policies

By BAUKHAGE

News Analyst and Commentator.

WNU Service, 1616 Eye Street, N.W., Washington, D. C.

The donkey and the elephant are getting jealous, and the Washington Chapter of the SPCPA (Society for the Prevention of Cruelty to Political Animals) is getting a little worried, lest some other new and strange fauna are going to sneak under the tent to steal the old regulars' fodder—and it ain't hay.

Three very active creatures are being heard from in tones so stentorian that the bray and the trumpet, familiar sounds in campaign years, are almost drowned out.

The latest performer in the ring is the ROF (Republican Open Forums). Officially the newcomer belongs to the Republican stable, as its name implies, but some of the old timers are afraid the colt is getting ready to kick over the party traces.

Although the other two more familiar creatures, the CIO-PAC and the NC (National Citizens)-PAC, are more at home in the Democratic pasture, they frequently get their heads through the rails to browse on the Republican side.

All three are full of ginger, and not too bridle-wise.

Stassen Heads

Open Forum

Chairman of the Republican Open Forums advisory committee is Harold Stassen, and ROF is considered pretty much his baby. Wayne Morse, Walter Judd, Gov. Raymond Baldwin of Connecticut, and other Republicans not unfriendly to the liberal domestic and expansive international views of Stassen make up the committee.

At ROF headquarters, you are told it is strictly all-Republican, not a one dark-horse team. However, a broad-minded tolerance prevails which permits Democrats to take part in forums, if they want to.

The forums are compared to town meetings, and are supposed to provide members of the party with the opportunity to form party policy. At that point comes the rub. Old Timers don't want Mr. Stassen's outfit (which its director insists it isn't) making policy. They feel they have had enough experience in such matters themselves.

Anyhow, ROF is a going concern. As of mid-May, there were already 474 forums in operation in 44 states.

CIO Works to Get Out Favorable Vote

The CIO-PAC we know of old. That outfit is run by Sidney Hillman, and because the CIO fathered it, Mark Sullivan says that the CIO is no longer merely a labor organization, but has acquired the status of a political party. This column described CIO-PAC's dynamic activities, literature, and methods at the time of the last campaign.

Their ostensible object is to get out the vote; the real object is to get out the vote they want. A definite platform for both domestic and foreign policy is stated in detail.

The six points of foreign policy include such controversial subjects as the quarantine of Spain and Argentina, and self-government for colonial nations.

There are 13 points in CIO-PAC's domestic policy, ranging from a minimum wage to OPA, and including price guarantees to farmers, progressive taxation for large incomes, reduction on small incomes. Specific bills are singled out for support or opposition.

CIO-PAC's brother, NC-PAC, is what might be described simply as Simon-pure New Deal. Chairman of the policy committee is Dr. Frank Kingdon, with Sydney Hillman as an "honorary," and members including Mrs. Eleanor Roosevelt, Henry Morgenthau Jr., Henry Wallace, Hugo Black and so on.

The lead article in their organ, "The National Citizen," whose memorial edition made no single mention of the name, Truman, contained this paragraph:

"Stirred by the rising tide of reaction, and the steady drift away from the policies of Franklin D. Roosevelt, more than 2,100 of the late President's most ardent supporters and closest friends gathered . . . to hear speaker after speaker sound the call to political action as the best method to fulfill the Roosevelt domestic and international program."

NC-PAC has a political guide which demands the election of progressive candidates for congress, and lists issues for action which include anti-labor bills, Argentina, British loan, conscription, FEPC, atomic power, and so on.

They likewise are sponsoring a "School of Political Action Tech-

niques" here in Washington beginning June 26 which purports to "unveil the intricacies of professional political campaigning to the average voter." The school will be open to anyone; attendance will be limited to 500 students. NC-PAC says "it is believed that the majority of the student body will play an active role in the November congressional elections."

Of course, there are various other organizations, old and new, in the field. The Young Republicans, for example, who endorsed the ROF at a recent national convention; Mr. Ickes' Independent Citizens Committee of the Arts, Sciences and Professions to which James Roosevelt presumably brings a hereditary parental blessing, and others.

And I shouldn't fail to mention the Women's Division of the Democratic National committee, which teaches wives of politicians such fundamentals as platform poise, the right word at the right time, how to overcome fear of public speaking, and so on. Wives of cabinet officers, wives of senators, wives of representatives, wives of members of the little cabinet and wives of top-flight agency heads are exhorted: "Use your feminine charm in the (Democratic) campaign. It helped you get your husband, didn't it? It will also help get votes."

But these are only mother's helpers. The PAC twins, and the ROF are the ones that make the donkey and the elephant nervous when they look over their left flanks.

Congress Needs Salary Boost

Wages are at the top of the inflation list.

But that doesn't mean more pay for congressmen. One of the best arguments for a boost in the congressional payroll comes from a congressman whom I won't name, but whose bitterest rivals mention as one of the smartest members of either chamber. He says:

"The vote against a pay raise comes from the men who know that they couldn't get elected, if congressional salaries were high enough to attract a better class of candidates to oppose them."

Philip Broughton, ex-newspaperman and political scientist who has spent a decade in Washington, says, in his "For a Stronger Congress," that every independent student of congressional reorganization has "recommended a raise to \$15,000 or \$25,000 a year. Certainly, it would seem that the same public which can afford \$500 a week for the writers of Grade B movie scenarios can afford a similar sum for those who set policies that control our national life."

A congressman now gets \$10,000 a year. Anybody who lives in Washington, Broughton points out, knows that that isn't enough. A congressman has to maintain two homes; campaigns cost money. Besides, he has to contribute to "the do-good organizations that claim a root in his constituency," and "secretarial expenses and meager railroad mileage do not balance his family budget."

The thing that pains me most as I travel up and down the land is to hear the very people who scream that no congressman is worth even \$10,000 a year, object to paying enough to hire a man with ability.

ARMY GRIPE BOARD

Would Abolish Rank and Salute

WASHINGTON. — The army will have less saluting and "officers" will be just soldiers, if recommendations of the army's G.I. gripe board are adopted. The board recommended that the very terms "officer" and "enlisted man" be abolished as one step to narrow the official and social gap between them.

The inquiry board, headed by Lt. Gen. Doolittle, in its report to Secretary of War Patterson, proposed a thorough revision of existing differences in pay, promotion, furloughs and food. It called, too, for new measures aimed at raising the standard of leadership in the army.

Secretary Patterson announced that "some steps already have been taken" to remedy problems set out in the report. He stated that congressional approval and appropriations would be required to carry out a few of the suggestions.

Officers and Saluting. But the big break with tradition came in the proposal that all military personnel be referred to merely as "soldiers."

Abolition of the hand salute except on army posts and in overseas occupied areas, and wiping out any rules or customs which make rank a barrier to social associations, were among other recommendations. "Americans look with disfavor

Country Banks Lend a Billion For Increased Farm Production; Big Cut Made in Federal Debt

LABOR DRAFT: Senate Is Opposed

Many senate Republicans, even those who have been calling on President Truman to "settle these strikes," are opposed to the President's appeal for emergency power to draft strikers into the army when they refuse to work at government-seized properties. Senator Taft of Ohio has led the fight against the draft proposal and favors the Case bill instead. (The Case bill provides for permanent, not temporary or emergency, labor restraints.)

Republicans, however, have not agreed on another proposal made by Mr. Truman that profits from businesses taken over and operated by the government during strikes should go into the U. S. treasury.

FRENCH LOAN: Cash and Credit

Bypassing a vote by congress, the United States government extended a \$1,370,000,000 credit to France to help her being a four-year reconstruction program. The American credit provides a direct loan of \$650,000,000 from the export-import bank, and a line of credit totaling \$720,000,000 which would permit France to settle its lend-lease account and purchase U. S. army and navy surpluses overseas.

Mother Love Wins Out

Mrs. Margaret Ashe of Chicago decided her baby was pretty after all and returned home after abandoning the baby, only 10 days old. Her husband, James, 27, forgave her. Mrs. Ashe was located at Burlington, Iowa.

Leon Blum, chief French negotiator, signed the agreement with Secretary of State Byrnes and Secretary of Treasury Vinson.

COUNTRY BANKS: Lend a Billion

Some 13,000 of America's country banks are lending more than \$1,000,000,000 to their farm customers to support agriculture production, the agricultural commission of the American Bankers association has reported.

Non-real-estate agricultural loans held by all insured banks in continental U. S. totaled \$1,009,600,000 at the beginning of 1946, an increase of nearly \$100,000,000 from the January 1, 1945, figure of \$917,400,000. The present outstanding loan volume is nearly double the amount of farm production loans held by the banks in 1937.

The largest increase in the use of non-real-estate bank credit has been in California. The use of bank credit by farmers increased in all states except South Dakota, Nebraska, Kansas, Minnesota and Missouri.

FEDERAL DEBT: Cut Ten Billion

A survey by a large New York banking institution discloses that actual and prospective federal debt reduction since March 1, 1946, amounts to more than 10 billion dollars. This is the largest cut ever made in so short a time and is an amount greater than the total debt retirement achieved in an 11-year period following World War I.

The repayment, however, was not made with the proceeds of a budget surplus, since the U. S. is still spending more than it receives from taxes. Excess borrowed funds in possession of the U. S. treasury were returned to reduce the debt, it was explained.

WHEAT STORAGE: Dates are Extended

The government has extended the time for cancellation of uniform wheat storage agreements by elevators and warehouses to 10 days after they get the new agreement. The move was a reversal of original plans and was made after an appeal by the trade.

Clinton P. Anderson, secretary of agriculture, has announced that the government now has enough grain to meet its export commitments and that transportation is the only block to moving 400,000,000 bushels overseas by July 1.

Household Hints

Use a stiff hand brush for removing silk from corn in a jiffy.

Plan a "play at home" night each week with games, music, stunts, story-telling and candy pulling besides.

Place a piece of waxed paper under the centerpiece you have on your fine table. Prevents stains from water and keeps cloth from sticking fast in hot weather.

In lengthening your daughter's dresses, sometimes a ridge appears where the old hem used to be. To conceal this, follow the line of the ridge with a row of rickrack braid. Stitch in place by machine. This treatment also gives the dress an attractive bit of trim.

Tie a simple bow-knot in your hose with the nozzle protruding upward. Support it on a block, and presto, you have an improvised sprinkler head.

South Dakota

"America's Treasure House"

By EDWARD EMERINE

WNU Features.

"A TREASURE," says Webster's dictionary, "is a valuable store, accumulation, or reserve supply; a collection of precious things." And South Dakota is a storehouse of those treasures, a vast accumulation of nature's blessings, with a reserve supply to last man forever.

Among the precious things of South Dakota is the glorious sun itself, shining from its blue heaven almost every day in the year. And precious, too, is the clean, pure air of its plains and mountains. In its rich topsoil is the accumulation of ingredients that produce vast fields of wheat and corn and fruits. The lush grass of its ranges, where fat cattle and sheep feed, is a valuable store of wealth and contentment. Beneath the surface is a reserve supply of minerals, gold and silver, feldspar and lithium, lignite and bentonite.

As though that were not enough, South Dakota has mountains, trout streams, cabins in the pines, lakes, waterfalls, colorful canyons, the fragrance of pine and spruce. The days are cheerfully warm in South Dakota, with the nights cool and refreshing. And the Black Hills have no mosquitoes to take away the pleasure of being out of doors.

The famed Black Hills! Harney Peak rises 7,242 feet above sea level, the highest point in the United States east of the Rockies. Mount Rushmore has an altitude of 6,200 feet, and on it are sculptured the heads of Washington, Jefferson, Lincoln and Theodore Roosevelt. The largest monument ever conceived or executed by man, the Mount Rushmore National Memorial was sculptured in heroic proportions by Gutzon Borglum, the late world-renowned artist, and is called the "Shrine of Democracy." A half-million visitors come to the monument each year, and it is one of the most photographed scenes of all times. The figures on the solid granite face are carved in proportion to men 450 feet tall!

North and south the Black Hills

Sylvan Lake in the Black Hills.

stretch 125 miles and are approximately 50 miles wide. There is Custer state park, with 128,000 acres of mountains, gorges, lakes and streams, and 90,000 acres under fence, with buffalo, elk, deer, bighorn sheep, Rocky mountain goats, antelope and other animals roaming unmolested. President Coolidge had his summer White House there in 1927, and left reluctantly. "I'm coming back," he promised.

Skeletons of Ancient Beasts.

The Big Badlands covering a million acres lie east of the Black Hills, and is one of the most important fossil deposits of prehistoric life. Fossils of alligators, rhinoceroses, hippopotamuses, saber-toothed tigers, three-toed horses and other long-extinct animals are found here and displayed in most of the important museums.

East and northeast of the Badlands, South Dakota is mostly rolling prairie, falling to lowest levels in the northeastern part of the state. Big Stone Lake is the lowest point, 967 feet above sea level. The great Missouri river drains most of the state, cutting South Dakota into two almost equal parts as it flows through it.

The agricultural treasure house of America is filled with corn, cane, wheat, oats, barley, flax and fruits from South Dakota. The vast plains area has a big dairy industry, and beef cattle are grown in all parts of the state. The production of livestock is the main feature of the state's extensive agricultural industry. Hot Springs is the headquarters of horse-breeding, and is also known for its medicinal waters. At the annual Black Hills Round-Up at Belle Fourche, real cowboys from the surrounding cattle ranges compete in riding and roping.

The mineral resources of South Dakota include more than 60 basic minerals, including gold, silver, tin, zinc and others. Many of these deposits are not of economic importance at the moment, but will become important in the future. At any rate, they remain in South Dakota's Treasure House, a reserve supply whenever the nation needs them. At Lead is the largest producing gold mine in the United States. The "Days of '76" celebration at Deadwood re-enacts many of the events of the historic gold rush days, when Wild Bill, Dead-

HOMESTAKE MINE . . . At Lead. S. D., known all over the world as the greatest producer of gold ever discovered.

wood Dick, Calamity Jane and other Wild West notables were seen on the streets of this mining center. A pageant descriptive of the Red Man's history of creation is held each year at Custer and called "Gold Discovery Days."

Settlement of South Dakota came slowly, although the Verendrye brothers, Frenchmen from Canada, visited the region in 1743. In 1804 and 1806 the Lewis and Clarke expedition followed the Missouri river through-out the area. Fort Teton was established in 1817 on the site of Fort Pierre, and in 1831 the American Fur company pushed a steamer into the territory.

Both plainsmen and mountain men helped build South Dakota and bring to light its treasures. That there might always be intelligent appreciation of the state, seven institutions of higher learning, all state-supported, were founded. They are the University of South Dakota, Vermillion; South Dakota State college, Brookings; School of Mines, Rapid City; and four normal schools. There are five junior colleges in the state.

Young, thriving and rich, South Dakota does not hoard its wealth, nor does it allow waste. Its treasures are open to all—for the reserves are ample.

M. Q. SHARPE

Governor of South Dakota
Born in Marysville, Kan., January 11, 1888, Governor Sharpe taught school for two years, served four years in the U. S. navy, and has been a surveyor, newspaper man, lawyer, soldier in World War I, and has had varied other business interests.

The Big Badlands.

A NUMBER of new arguments and debates have arisen that call for further dissection and discussion before the cases are dismissed.

They might be rated in this order—

No. 1.—What effect will the new union have on baseball and what job can it do?

No. 2.—What are the prospects ahead for Messrs. Mauriello and Woodcock?

No. 3.—How does one account for the Yankee team batting average of .236, on a par with the hitless wonders—the White Sox of 1906—and 32 points below the Phillies of 1945?

Starting with No. 1, there is nothing any union can do about the reserve clause, since baseball is a competitive matter. But for all of that, the reserve clause shouldn't give big-league clubowners the power to keep good ball players over time in minor leagues, which so many of them do. Also a ball player certainly deserves a good section of his purchase price when sold to another club. Also a ball player good enough to be moved up to a major-league job among the 500 major-league survivors deserves a minimum salary not below \$5,000 a year. A holdout also deserves a fairer court than he is getting today. Against this, a badly run union can do more than a slight amount of damage. This is an intricate affair that requires careful consideration.

Grantland Rice

Moving along to query No. 2, the two main weak spots attached to Bruce Woodcock are inexperience in the way of tough competition and lack of ring aggressiveness. The British champion has his share of courage and boxing skill. He can also punch. But he has spent too much of his time against set-ups who could neither throw a punch or take one. He must learn, against better fighters than he met before Mauriello, how to continue an attack, once started.

The No. 3 Heavyweight
Tami Mauriello is probably the best heavyweight left below Louis and Conn. Soft living and overeating haven't helped him any. He was equipped to be a far better fighter than he is today. At the age of 22 he could still be a much better fighter by removing surplus suet from his system through the brand of reconditioning that Tunney, Dempsey and Louis brought to the game.

With Tami it is largely a question of how hard he wants to work and train in order to be ready for one of the best openings any 22-year-old ringman ever knew. This is entirely up to Mauriello—what price he is willing to pay in the way of hard work.

This brings us to the case of the Yankees, one of the season's major mysteries to date.

I saw them at spring training around St. Petersburg. The one worry that Joe McCarthy, Larry MacPhail or anyone else never faced was lack of the punch.

The old ash furniture was all in place. What pitchers were going to curb or suppress a batting order that included Joe DiMaggio, Charlie Keller, Tommy Henrich, Phil Rizzuto, Nick Etten and Johnny Lindell, Joe Gordon, Snuffy Stirnweiss, the A. L. batting champ of 1945? Also Bill Dickey, one of the most dangerous hitters of all time in any clutch.

A Gang of Sluggers

You had to admit this looked to be one of the hardest hitting lineups from top to bottom that baseball has known in many years. Their busy bats wrecked Panama and later on left a debris of battered fences and shattered palms and palmettos through Florida against big-league pitching.

At least five from this group were potential punchers from .300 to .350. The others were above the .290 mark. To find only one .300 hitter in this group—Charlie Keller—must be classed among the major upsets of the year.

One answer—too much spring baseball, causing batting eyes that should be clear and keen in late May to be already stale and jumpy. They'll work out of this later, but so far the Yankees have paid a costly price when it comes to the rather important matter of base hits through the first part of the season.

International Polo

What's the chance for international polo on the old scale this summer or early fall? Pete Bostwick, who served for three years with the cavalry and tank corps, and a live wire in polo, thinks there's a pretty fair chance ahead against either Mexico or Argentina, or both.

"Why not?" asks Pete. "We already have the basis for a good polo team in Stu Iglehart, Mike Phipps, Cecil Smith and some others. We also have some pretty fair polo ponies on hand.

No More He'll Say: 'For 2 Cents I'd--'

Before William Faulkner, the author, wrote "Mirrors of Charles Street" for The Times-Picayune, he was postmaster at University, Miss.

On his last day in that exalted position, a friend inquired:

"Bill, don't you have some kind of feeling about leaving this post-office the last time as its lord and master?"

"Yes," replied Faulkner, "probably all my life I'll be at the back and call of somebody who's got money, but never again will I be at the back and call of every so-and-so who's got 2 cents to buy a stamp."

YOU'RE ALWAYS sure of looking your best in a smart shirtwaister frock. Versatile and charming—a style beloved by every age. This cap sleeved version will be lovely in a brightly striped fabric, used contrastingly for yoke and sleeves.

Pattern No. 8874 is for sizes 14, 16, 18, 20; 40, 42, 44 and 46. Size 16 requires 3 1/2 yards of 35 or 39-inch material.

Plan Wedding For Saturday

Miss Olga Pagnucco

Miss Olga Pagnucco, daughter of Mr. and Mrs. M. Pagnucco of New York City, and John H. Jennings, son of Mr. and Mrs. Ray Jennings of Hondo, are to be married at St. John's rectory on Saturday at 4 p. m., June 15. Rev. E. B. Kolodzie will officiate.

Elmer Leinweber will act as best man and Mrs. Milton Marie Hamble will be bridesmaid, gowned in a navy blue crepe dress with powder blue vestee and cuffs. Her accessories will be navy blue, and her corsage will be made of coral gladioli.

The bride will wear an original pale coral tissue faille dress, with a halo flower hat, and a corsage of agapanthis.

After the ceremony a reception will be held for the immediate family at the home of Mr. and Mrs. Ray Jennings. The bride's cake with silver bells will center the Irish linen covered dining table, flanked with white candles in crystal holders. Sandwiches and punch will be served. White gladioli will be used throughout the rooms.

Reception Scheduled

A dinner and dance will be held in the St. Anthony Hotel's Anacacho room Saturday night.

Mr. and Mrs. Jennings will leave Sunday for a trip to Monterrey and Mexico City. They will be at home in Hondo by July 1, and will remain here until Mr. Jennings enters the Northwestern college of Optometry in Chicago.

The bride was graduated from high school in New York City and attended Columbia University. The groom was in the armed forces for four years, and was discharged in January, 1946. He graduated from Hondo High School and attended Baylor University.

BENDELE-FITZPATRICK RITES IN SAN ANTONIO

Miss Kathleen Fitzpatrick, daughter of Mr. and Mrs. John Fitzpatrick, became the bride of Quinton L. Bendele of Rio Medina on June 1 in St. Cecilia's Catholic Church of San Antonio. The Rev. Father Staff officiated at the double ring ceremony.

Breakfast was served at the Manor following the ceremony.

After the reception held that evening the couple left for a two week trip, then they will return to San Antonio to make their home.

Mr. Bendele has recently been discharged from the U. S. Coast Guard. He served nineteen months overseas in the Pacific area.

QUIHI LADIES AID SOCIETY HOLDS REGULAR MEETING

The Quihi Ladies Aid Society met Thursday, June 6th at the parish hall. The meeting opened with a hymn, scripture reading and a prayer led by the pastor. He also spoke on the subject "Helping the Lord in Preserving Life."

Mrs. Henry Bohlen was welcomed as a new member.

The hostesses, Mrs. Bertha Thomas and Mrs. Alfred Boehle, served a delicious lunch to Mesdames James Joe Horn, D. G. Reitzer, Henry Bohlen, Herman Gerdes, Arthur Schulte, Edgar Balzen, Otto Lindeburg, Emil Saathoff, Arthur Grell, Arnold Balzen, Roy Bailey, Melvin Balzen, Elmer Saathoff, Earl Balzen, Elmer Nietzerhoefer, Henry J. Soil Conservation Practices Urged By Chamber of Commerce

The Hondo Chamber of Commerce has appointed a soil conservation committee, and the following article has been submitted by this group for publication.

The wealth of this Nation is rooted in the soil. Thirty million people earn their living directly from farms and ranches. The remaining one hundred million Americans depend upon the soil for most of their food, much of their clothing, and many other necessities. In the same train of thought the people of Hondo and Medina County are dependent upon the soil.

Today the soil of this Nation is being wasted away. Erosion is steadily washing good soil out of the fields and pastures, into the streams, down the rivers, and to the sea.

Square Farming Ruinous
Destruction of the land is caused chiefly by square farming—plowing uphill and downhill in straight rows despite the curving topography—which produces:

1. Sheet Erosion, by which the top layer of soil is skimmed off the land.
2. Gullies, a more obvious form of erosion, that gouge out the sides of sloping fields.

Other influences that deplete the soil include one crop farming, without proper rotations, which weaken the soil and brings on erosion, overgrazing of pastures, which strips the land of soil—binding grasses, and abuse of woodlands, which destroy Nature's best productive cover for the soil. Together, these processes contribute to flooding of bottom lands, by causing an excessive and rapid run-off of rain water.

The American people have awakened to this stealthy pillage of their land, and on millions of acres they are now supplanting waste with conservation. The next article will show how individual problems of soil depletion are being solved.

POSSUM FLATS . . . "HOW TO IMPRESS YOUR RICH UNCLE"

TO ALL VETERANS IN MEDINA COUNTY

The following changes are effective in the G. I. Bill of Rights. If you need any help, please contact your Service Officer in the COURT-HOUSE, Hondo, Texas.

AMENDMENTS to Title II—Education and Vocational Training:

1. The age factor of 25 years for benefits under the educational provisions of the bill is entirely eliminated. Under the amendments all veterans, regardless of age, are eligible for educational benefits based upon one (1) year of education for the first 90 days of service, plus an additional time equal to the entire length of active service.

2. That a course shall be initiated not later than four (4) years after either the date of veteran's discharge or termination of the present war, whichever is the later, and that no such education shall be afforded beyond nine years after termination of the present war.

3. Student veterans, if single, will receive a subsistence allowance of \$65 a month, as against \$50. If married, the subsistence allowance will be \$90 a month instead of \$75.

4. Recognized correspondence schools are now available under the educational amendments.

AMENDMENTS to Title III—Loans for Business, Homes and Farms:

1. The loan guarantee provided in the G. I. Bill has been increased from \$2,000 to \$4,000 on real estate. "Reasonable value" of property is now the basis of a loan, rather than "reasonable normal value" as originally set up in the G. I. Bill.

2. All loans on real estate shall be payable in twenty-five (25) years, except on farms. Farm loans are payable in forty (40) years maximum. Loans other than realty loans shall be paid in ten (10) years. Any loan for longer than five (5) years shall be amortized in accordance with established procedure.

3. An honorable discharge is, in itself, the certificate of eligibility for a G. I. Loan, thus eliminating four (4) to five (5) weeks to obtain the certificate as was necessary under the old provisions.

4. On real estate and farm loans, the veteran may take his discharge certificate to the lending agency and the appraisal is made by an appraiser certified by the Veterans Administration. If the veteran, the lending agency and the appraiser are in agreement, the approval of the Veterans Administration is no longer necessary as was under the old provisions of the law.

AMENDMENTS to Title VI—Administrative and Penal Sections:

1. That section of the G. I. Bill which provided that benefits not obtained shall, at a later date, be obtained from many future benefits or bonus the veteran might receive has been eliminated. Americans who fought with Allied Governments are eligible for benefits under the G. I. Bill of Rights.

A. & M. OFFERS SCHOLARSHIP FOR TEN NEXT YEAR

Ten Texas boys who have very slim hopes of obtaining a college education because of financial limitations are going to be able to realize their ambition at Texas A. & M. College.

Ten Texas A. & M. College Opportunity Awards, four-year scholarships, beginning in September and running through 1950, were announced today by President Gibb Gilchrist of the College. A. F. Mitchell, Corsicana, chairman of the board of the Texas A. & M. Development Fund, and Garrod Gaines, San Antonio, president of the Association of former students.

The ten fortunate boys will be selected through statewide competition, and each will receive between \$200 and \$300 per year, an amount which may be supplemented by student employment on the campus. Details of the selection are being handled by Registrar H. L. Heaton.

Under sponsorship of the A. & M. Development Fund, the Opportunity Awards are a joint project of the college and its Association of Former Students, and it is hoped to increase the number of the awards each year.

"These first ten awards are merely the beginning," Mr. Mitchell declared. "Each year more than half of the Texas boys who finish high school are unable to attend college for financial reasons.

"In that group we believe there is as much potential leadership and ability to pursue a college education as there is in the group who are financially able to attend college.

"The Opportunity Awards program is our answer to this tragic waste of one of the finest and most valuable resources of Texas—its young manhood. We intend to make 'equality of opportunity' a shining reality, instead of a hollow phrase to the young men of Texas who conscientiously desire a college education, and who are equipped to make a success of the chance to study."

Kathleen Norris Says:

The Half-Hearted Wife

Bell Syndicate.—WNU Features.

"To get a good look at Roberta's one-time ideal would be a wholesome thing for Dick."

By KATHLEEN NORRIS

ON MY desk lies a letter from a girl of 24, an office girl in an Illinois city, who is going to be married in June. Roberta is going to have a church and home wedding, with bridesmaids; she's going to a pretty new home after a California honeymoon; she's going to have well-to-do relatives-in-law who apparently can't do enough for her—and she is smugly miserable.

She is miserable because six years ago she had a wild, passionate young love affair with a boy named Archie. Archie led her on for some months with the idea of marriage, and then left without a goodbye and broke her heart. She has told Dick all about Archie.

"I've told Dick," says her letter, "that I'm afraid I don't feel for him what I ought to feel. We're congenial; I'll have a fine position in the community when I'm married; I admire everything about Dick, but still there's always the memory of Archie. Dick has been patient of itself about it; he wanted to be married before he went into the service, in 1942, and every time he was home on leave, but how can I give myself to one man—however fine, with the lingering love for my girlhood's sweetheart always in the background?"

"My mother detested Archie, and she loves Dick. Everyone thinks I'm lucky, but I don't want to make a mistake. Would it be wiser for me to break, even now, and stay true to Archie, even though he may never come back, or is it enough to have the husband completely devoted, and will what I can give Dick be enough for him?"

It seems incredible to me, Roberta, I say in answer, that any woman in the world is still clinging to this romantic Victorian delusion.

Out of Date Attitude.

Sixty or seventy years ago it was fashionable for any vapid and simpering young female to flatter herself that "her heart was another's," but at the same time to give her hand to the prosperous, devoted and satisfactory partner. Many an engaged girl, even now, rather likes the fancy that she will be more adored than adoring, and that she may capriciously dole out favors to the grateful male, often reminding him that he told her, in engagement days, that just to have her would be enough, and he would some day win her love.

In engagement days, yes. But what an awakening is ahead of romantic Roberta, if Dick is the kind of man who sweeps these rosy cobwebs aside, once the marriage is an accomplished fact, and becomes bored when Roberta wants to enter into a sweet, saccharine confession of her earlier attachment, and expresses regret that she has not given and cannot give Dick her entire heart.

Years ago I saw a mawkish movie called "The Loves of Anatole." I think it was in that movie that the bride had a heart-shaped aperture carved in her bedroom door. The groom, when wishing to enter, presented bunches of blossoms at this little look-out, and the coy bride accepted them as only her due. Roberta belongs in that movie.

If she has good sense she will

SWEET MEMORIES

Often when a girl is about to marry, she can't help recalling some sweetheart of the past. Frequently it was her first experience with love and the thrilling memory remains bright. She wonders if she really should go through with her marriage—perhaps that first man will come back, if she will only wait. Such a problem faces Roberta, who is asking Miss Norris for advice in today's article.

On the face of it, she is very fortunate. The man she intends to marry is well educated and successful. He has an inherited fortune, and well-to-do relatives. She can look forward to a honeymoon in California, and a pretty new home. Everybody in the new family likes her, and she in turn likes them.

Nevertheless, Roberta isn't happy. She can't get over the joy of the days when she was in love with Archie. He never amounted to anything, but he seemed to be the answer to all Roberta's dreams. When he left without saying goodbye it broke her heart. Now that she is about to marry Dick, she still hopes there is some chance that Archie will come back to her.

wake up, forget the high school beau, appreciate that she is a lucky woman, and instead of simpering complacently as Richard attempts to win her love, will set herself in good serious whole-hearted affection to win his.

A Visit from Archie.

Perhaps the luckiest thing that could happen to them both would be to have Archie, the breaker of hearts and engagements, return to town. Archie had no prospects, no job, no sense of honor, six years ago—he probably hasn't any of these now. To get a good look at Roberta's one-time ideal would be a wholesome thing for Dick, and save him much annoyance in the future, and the thought that she couldn't do any better than Archie, at 18, would be highly salutary to Roberta. Her wistful reminiscences would lose some of their effectiveness with Archie hanging around the house.

No ghosts out of a woman's past can be quite as embarrassing as her one-time lovers. Awkward brothers, severe fathers, exacting or boring uncles and aunts—these she can stand. She can stand to have Dick dine with sister Mollie and the swarming babies and the disorderly dinner table and the noise and breakage and yelling.

But when her dream-boy of senior year high shows up, laughing stupidly at humiliating old memories, calling her the pet name that once thrilled her to the soul, expecting certain affectionate familiarities like holding hands in public and occasionally kissing, then Roberta's soul shrivels within her, and she wishes that he were 1,000 miles away.

If Richard was smart he would write to Archie and ask him to spend a week-end with himself and Roberta in their new home sometime.

REALLY QUIET!

Have you ever heard your heart beat? Well, you can in the new Parmlay sound laboratory, latest addition to the Illinois Institute of Technology. Donated by the Parmlay Foundation for Auditory Research, the lab is an 18 by 20-foot room with 24-inch fiberglass spikes lining the four walls to absorb sound. Modeled after a similar chamber at Harvard, the room rests on rubber pads supported by concrete piers, the whole of which weighs approximately 40 tons.

Cheerful Curtains for Kitchen Are Made from Chintz Goods

By Ertla Haley

ARE your kitchen curtains weary after year-long use? Is the material too heavy to be suitable for warmer days ahead?

If you have either of these problems and cannot find a nice material for curtains, perhaps you have an old chintz bedspread or drapery material tucked away in an old trunk in the attic. This is ideal for sewing gay attractive framing for kitchen windows.

A single-sized bedspread will usually yield at least two pair of one or two piece curtains for kitchen windows. Yes, this includes ruffle from the same material, too. Of course, if you prefer to make the curtains look just a little bit more tailored, then you might consider trimming the edges with a contrasting colored piping, particularly if the pattern of the material is well-covered with a floral design.

Your best pattern for kitchen windows is to cut a tissue paper facsimile of the curtains you now use. I am assuming they are the correct length and fit properly. The important thing in windows is to have sufficient fullness so the curtains do not look skimpy.

If your home, and particularly the kitchen is done in a very early American motif or is strictly modern, you might forego some of the fullness for an effect of simplicity or good tailoring. Then you will plan to clothe the windows differently: avoid the ruffle, settle for bric-a-brac or a contrasting band around the edge, and let the curtain fall in soft folds rather than in a gathered effect.

Correct Measurements For Curtains

Curtains are generally measured from the rod to the sill. If you do not have curtains that fit well, it is well to make the measurement and see that you have ample fullness and length.

If you are using a piece of old material as suggested, and it has

If you have a worn-out bed spread...

been washed, you will not have to allow the two inches per yard of shrinkage as is done in new material, but you will have to make allowances for the following: bottom hem, which is two inches plus one-quarter inch turn; top heading which is one and one-half inches and casing which is one inch plus one-quarter inch for turning.

If you are making sash curtains—two piece or half curtains, as they are sometimes called—measure from the center rod to the bottom of the sill for the lower half. For the upper half, measure from the top rod to one and one-half to two inches below the center rod. If desired, the two parts may be in different materials and colors.

Procedure Given for Making Curtains

It is very important to have all edges absolutely straight before starting to sew on the curtains, as

Now some kitchen curtains.

they hang within plain sight of everyone and can give a slightly askew appearance to the room if they are lopsided. Straighten the ends of the fabric by tearing or pulling a thread. Measure from this end

Smile, Little Boy

This little gentleman doesn't have to be so self-conscious because he's well turned out in a two-piece ensemble of kiduroy, the new corduroy that can take a beating such as only a youngster can give it.

and if necessary straighten the fabric. Watch this closely when working with a printed fabric.

Some women prefer leaving the selvage on the curtain to save sewing a side, but it is advisable to cut it off and finish the material. The selvage edge may shrink and give the curtains, and naturally the room, a rather bizarre appearance. If the selvage is removed, make a hem on the fabric.

If plain stitching is not desired for the hem, the material may be hemstitched or darned with colored stitches, featherstitched or even bound in harmonizing or contrasting colors.

Casings at the top of the curtain usually depend upon the size of the rod. This may require from one and one-half to two inches. If you are worried about shrinkage, place a tuck across the curtain on the inside below the casing. Use a long stitch on the machine for this or baste in place.

If you have decided upon ruffles for your curtains, then measure one of the long sides and the bottom and make the ruffle two and one-half times this length. Use long stitches on the machine first, then gather to fit the curtain, the ruffle going to the inside of the curtain and at the bottom. If you have tie-backs for the curtains, here again, use two and one-half times the length of the tie for making the ruffle.

For placing the ruffle on the curtain stitch in place and finish with a french seam. For the tie backs, however, tuck the ruffle in-between the material (tiebacks are made of a wide piece of material folded) and stitch once or twice on the edge, depending upon the fabric.

Furnishings

Women who are handy with the needle can do a lot toward making the home attractive and livable. Slipcovers and draperies, well matched and with an eye to good taste, can bring together a room if it contains many odd pieces of furniture.

For dark rooms, consider the lighter fabrics to add cheer to the room. For bright rooms, you may use darker colors.

If you live near an industrial section, choose fabrics that launder easily so that you can keep clean and still be kind to your cleaning budget. It is worthwhile to buy good fabrics with good finishes for covering much-used chairs, etc.

When selecting binding and draperies for chairs and sofas, make sure that the material is washable or easily cleaned. It's far better to hunt than try to mend or re-dye the binding after the first cleaning.

Spring Fashion Notes

Hood for the playsuit? Yes, indeed, and it's especially good with the halter style top.

Look for the unusual in prints right at the moment. You will see geometric figures and designs that give you a sculptured look.

For suits for the week-end out of town, wear something fetching at the neck of your suit. Rippling ruffles are feminine and charming.

Special patterns are now being created in cotton to make that textile attractive even for dressy frocks.

Lady-like elegance is the phrase being used more often as we get back on a prewar basis in the world of fashion. That's why you're seeing flowery hats, swathed in veiling, dressy suits and blouses that are the height of frilliness.

TRUMAN AND WHITNEY

WASHINGTON.—Those who have sat in on the hectic closed-door conferences over the railroad strike report that it is hard to say who has been sorest at the prima donna tactics of "Brother" A. F. Whitney, head of the trainmen—government officials or the other brotherhood leaders who are not striking but were thrown out of work by the trainmen and the locomotive engineers.

At one time probably the President of the United States was the most irked at the grandstanding Mr. Whitney. Truman even had difficulty getting Whitney to stay in Washington. He was constantly threatening to stage an opera exit to Cleveland without even bothering to advise the White House.

This brought a sharp tongue-lashing from the President during one of their meetings.

"What do you mean to do—walk out on the President of the United States?" Truman roughly inquired of "Brother" Whitney.

"No, sir," responded Whitney—and his voice lacked its usual brusqueness.

"Well, then you had better stay here until we get this thing settled and try to show a little more co-operation," snapped Truman.

GOP WHITE HOPE

While the East and Middle West are conjuring with the names of Stassen, Bricker and Dewey as Republican presidential candidates in 1948, some strong medicine is brewing in the politically dynamite-laden state of California which may put another name in the limelight. For in next month's primary Earl Warren may win the Democratic nomination for governor, as well as the Republican.

Under California's odd election law, candidates may enter both the Republican and Democratic primaries. And under a clever law passed by the state legislature last year, Warren's name will be printed at the top of both the Republican and Democratic ballots, despite the fact that Warren is a Republican and his rival, Attorney General Bob Kenny, a Democrat.

Today Warren has split Kenny's labor support, has won the backing of the AFL hierarchy and may very well pile up enough Democratic votes to kill all competition in the final election. This would make him a very important presidential candidate.

GOVERNMENT LETTERS

The civil service commission has just issued a fancy pamphlet telling government employees how to write letters.

A section devoted to "What's Wrong With Government Writing?" reads in part: "Are you one of the people who think all government writing must be impersonal and legalistic? . . . What does it profit a man if he writes the long way around—and loses his reader? Why use horse-and-buggy writing in an airplane age?"

"Let's cut long sentences into bites we can swallow," the civil service rhetorician urges government writers. "Shorten your sentences to an average of 17 words."

But here is the payoff: The first sentence of a foreword in the booklet contains 27 words; the second, 18 words; the third, 20 words; the fourth, 22 words, and the fifth, 18 words.

51-A-YEAR McGRADY

Jovial Ed McGrady, vice president of the Radio Corporation of America and ex-assistant secretary of labor, was asked by a newsmen if it were true Labor Secy. L. B. Schwellenbach is "raising his salary" because of his diligent efforts to bring John L. Lewis and the operators together.

McGrady got a chuckle out of the question, for he is being paid nothing for his herculean work in trying to settle the dispute.

The fact is that few men have donated more time to their government than McGrady. After a brilliant record as assistant secretary of labor, he joined the Radio Corporation of America, but during the war was loaned to the war department as a dollar-a-year man. McGrady is one of the men the treasury department cusses out. For his office is covered with framed government checks—all for \$1 and uncashed.

MERRY-GO-ROUND

Bob Hannegan is running into trouble with his "task force." His young men's committee, appointed to bolster weak spots in the Truman administration, can't operate without treading on the toes of certain weak administrators—especially John Snyder. Whereupon the cabinet protective society intervenes. Even broad-gauged Secretary of the Treasury Vinson didn't like having his subordinates invade the sacred inner sanctum of John Snyder's duties. More jurisdictional disputes!

Posies for Bathroom From Yard of Chintz

IT IS marvelous what you can do with a yard of flowered chintz. Just try cutting the posies out and spreading around for dramatic effect. Tint a faded bath mat and apply a stunning big rose in one

corner, use others on towels; then make shower curtains of plain material with more roses applied.

These intriguing ideas are from a 32-page booklet, "Make Your Own Curtains." Every page is illustrated so clearly that you can follow directions whether you have ever sewn before or not. With its help you may use both new and old materials to curtain your house as beautifully as if you hired a decorator. Readers may get copies of this booklet for 15c postpaid. A word-working pattern, No. 255, for the spool shelves shown in the sketch is also 15c. Send orders with name and address to:

STAGE SCREEN RADIO
Released by Western Newspaper Union.

WITH his work in a major role in "The Razor's Edge," the film based on the Somerset Maugham book, behind him, Herbert Marshall is all set to return to the air for the summer in "The Man Called X." Replacing the Bob Hope show last year, it climbed to fourth place in audience ratings of all

HERBERT MARSHALL

programs, surpassing many year-round standbys. Returning June 18, it will be heard for 14 weeks on the Hope time Tuesday evenings. Leon Belasco will again be heard in the role of "Mr. X's" aide.

Screen tests were recently sent to Australia for a movie executive to see; bids for the services of several American actors resulted. One, offering \$150 weekly salary and transportation, was for the unnamed comedian in test 19, but the deal fell through. The "comedian" who'd played an unimportant part in the Mervyn LeRoy - directed "Without Reservations" was Producer-Director LeRoy.

Richard Long, the Hollywood high school lad who made his film debut in "Tomorrow Is Forever," makes his second appearance in "The Stranger," for International, an RKO release. He'll play the young brother of Loretta Young. It's Hollywood talk that Long is considered one of the most promising juvenile actors to turn up since Lew Ayres, leaped to stardom in "All Quiet on the Western Front."

For a scene with Jennifer Jones in "Duel in the Sun" the camera caught only the back of Gregory Peck's head. "No one will recognize you," somebody told him. "Yes, they will," said Peck. "Since those 'Spellbound' ads with Ingrid Bergman my neck is famous."

Maybe Peggy Cummins wasn't so wise when she agreed to come to Hollywood. First, there was the "Forever Amber" disappointment. Then she was announced for "Bob, Son of Battle"; that was canceled. The latest is that she'll play the daughter in "The Late George Apley," which seems like bad casting; the little Irish girl doesn't quite fit as the stiffly Bostonian family, even though Eleanor Apley does finally break away.

Shirley Temple's delighted because she's to be starred in David O. Selznick's forthcoming "What Every Young Bride Should Know." It's scheduled to start after she completes her starring role with Cary Grant in "The Bachelor and the Bobbysoxer."

"The Big Noise" by Fielden Farrington (Crown Publishers) neatly takes the hide off the radio business; insiders claim to recognize more than one famous character under another name. Mr. Farrington is the announcer of CBS' "The Romance of Helen Trent" and "The Armstrong Theater of Today"—that is, at present he is. Maybe after that book gets around he won't be.

Barbara Bel Geddes, the young actress who's one of the toasts of Broadway for her performance in "Deep Are the Roots," will make her screen debut in "A Time to Kill." Her RKO contract allows her to alternate between stage and screen.

"Right Down Your Alley," a really different kind of quiz program, which has contestants bowling in a regulation alley to determine the amount of their prizes (usually they're better at bowling than at answering questions), has made a ten strike. Starting as a sustainer on American Broadcasting, the program picked up a sponsor after only nine Sundays on the air.

ODDS AND ENDS—Lanny Ross' fans know that he spent three years in the army before starting his current "Lanny Ross Sing"—but few know that as a boy he served an apprenticeship as a merchant seaman. . . . During his vacation this year Ron Rauson of "Life Can Be Beautiful" will take a busman's holiday and announce the Iowa, Minnesota and Wisconsin state fairs. . . . "Queen for a Day" may sound like a simple program to listening audiences, but it takes the efforts of 59 staff members to get the show on the air. . . . Bob Hope and Dorothy Lamour will costar in "The Private Eye," produced by Hope Enterprises, Inc.

Baked meat loaf is simple to prepare and easy to serve for affairs where guests are numerous. Bake the loaf in either small or large loaves.

Supper Plans Given As Aid in Planning To Serve Fifty

Social calendars get very active during the summer months because vacations and weather offer such a grand opportunity for getting together a big party. Perhaps the Sunday school picnic is just around the corner, or perhaps the ladies' aid is planning a big treat for their husbands soon.

Whatever the occasion, you'll surely want to put forth your very best cookery and serve everyone amply. This will call for some careful planning, and also, large quantity recipes.

If the church has a kitchen fitted with large quantity cooking utensils, plan to make generous use of it. Meats and vegetables can best be prepared there. Some member may wish to contribute enough individual salads and perhaps cakes and pies to make up for the rest of the meal.

Good planning which takes into consideration every angle will make the affair a successful one. Recruit plenty of help so that no two or three women are tied to the kitchen range all the time. Everyone will have a better time, if all have some leisure.

***Ham Loaf.**
(Serves 50)
5 pounds lean pork, ground
5 pounds smoked ham, ground
2½ quarts bread or cracker crumbs
1½ teaspoons pepper
1½ teaspoons salt
3 eggs
2½ pints milk

Mix together all ingredients. Mold into loaves and bake 1 to 2 hours in a moderate (350 degree) oven depending on size of loaves. This makes 5 small loaves, small bread pan size or about three large.

***Horseradish Sauce.**
(Serves 50)
1½ cups sour cream
¼ cup boiled salad dressing
½ cup horseradish
Blend ingredients thoroughly and serve with ham loaf.
An alternate dish to serve, if ham or pork is difficult to obtain, would be frankfurters prepared in a mildly spiced sauce:

***Creole Wienies.**
(Serves 50)
5 pounds bacon
30 cups finely chopped onions (7½ quarts)
10 No. 2 cans tomatoes
7½ teaspoons salt
1 teaspoon pepper
10 pounds wieners
80 to 100 buns
Cut bacon into ½ inch squares and broil over low heat until par-

Lynn Says:
Let's serve eggs: There's variety and appetite appeal in eggs if you'll serve them in the following ways:

Use these fillings for omelets: creamed tuna fish or seafood; minced cooked ham, cooked pork sausage or deviled ham; sauteed mushrooms, creamed peas, asparagus or other vegetables; paragon cheese, creamed chicken and mushrooms, jelly, jam or marmalade; fried onions; or broiled bacon.

When you poach eggs, serve them in corned beef hash nests, spinach nests, potato nests or french toast made of stale bread. Scramble eggs with bits of diced American cheese, frizzled bacon, shredded ham, or fold in some leftover vegetables.

Bake eggs with bacon, sausage or some of the cold meat cuts and serve as a main dish for supper with salad and dessert. Fry eggs slowly and serve with quickly broiled cold cuts or waffles, pancakes or toast.

tially done. Drain off most of fat. Fry onions and bacon together until golden brown, stirring frequently. Add tomatoes, salt and pepper. Place wieners on top and simmer for 45 minutes. Place a wiener and a spoonful of the sauce on each hot buttered bun and serve, allowing two for each person.

*Scalloped Potatoes.

(Serves 50)
12½ pounds potatoes
2 tablespoons salt
1 teaspoon pepper
½ cup flour
1½ cups butter or substitute
2 quarts milk

Wash, pare and cut potatoes in thin slices. Place a layer of potatoes in greased baking pan, sprinkle with salt, pepper, flour and dot with butter. Repeat until pans are almost full. Pour over enough hot milk to cover top and bake in a moderately slow (325-degree) oven until potatoes are tender. The time will depend upon the size and quantity in pans—about 1½ to 2 hours.

If you want to prepare green beans, you will need six quarts to serve 50 people. Boil the beans, after washing and cutting, in the minimum of water, then season with 1 cup bacon drippings, 4 tablespoons salt and 4 tablespoons paprika. If you want to serve green peas you will need 16 pounds or 1 gallon of shelled peas.

*Sunshine Salad.

(Serves 50)
5 packages lemon flavored gelatin
7 cups grated carrots
5 pounds grapefruit, cut in sections

Make gelatin according to directions. When mixture begins to thicken, add carrots and grapefruit and allow to chill until firm. Serve in squares on lettuce with mayonnaise dressing.

Cabbage and Carrot Salad.

(Serves 50)
4½ quarts finely shredded cabbage
2 pounds carrots, grated, raw
1 quart diced celery
1 quart boiled salad dressing

Blend all ingredients together with salad dressing.

Since the berry season will be in full swing shortly, you might like to serve a berry-in-season cobbler with fresh cream.

Pastry for the party will probably be furnished by individual members. If this is not possible, make a delectable fruit cobbler and serve with cream or ice cream.

*Fruit or Berry Cobbler.

(Serves 50)
5 quarts fruit or berries
Sugar to sweeten
½ cup cornstarch
Biscuit dough

Heat canned fruit or berries and water, or fresh fruit and water to a boiling point (1½ quarts water to 24 cups fruit or berries). Sweeten to taste. Dissolve cornstarch in small amount of cold water and add to fruit or berry mixture. Cook, stirring constantly until thickened. Pour into shallow baking dish and drop biscuit dough on top. Bake in a moderately hot (425-degree) oven for 30 minutes.

Coffee.
(Makes 100 cups)
3 pounds coffee
6¾ gallons water

Tie coffee in thick cheesecloth bag, leaving plenty of room for coffee to swell. The coffee may also be mixed with a small amount of egg and cold water, if clear coffee is desired. Drop bags in boiling water and boil 3 minutes. Remove bags and keep coffee hot.

For this amount of coffee you will need 1½ quarts of cream (for 2 tablespoons to each cup) and ¾ pound sugar (counting 2 teaspoons per cup).

Imaginary Interviews

President Truman and His Mom.

Mom—Well, Harry, you sure do all frazzled out. What on earth's happened to you?

Harry—What hasn't! Gosh, mom. I sometimes wish I had never left the farm.

Mom—I tried to get you to stay, son. I warned you about those city folks. You could have been a prosperous farmer today with no worries.

Harry—Shucks, mom, a farmer has his worries.

Mom—Yes, but he doesn't have a flock of newspaper editors telling him what to do next. You'd be happy right now with a farm and cows and chickens and turkeys. . . .

Harry—It would be just my luck to have to milk cows, surrounded by radio commentators. As for chickens, mom, I think I'd like 'em. There's never any doubt who's laying the eggs. So far as turkeys are concerned there are more big ones in Washington than in all Missouri.

Mom—I wish I could tell that awful John Lewis what I think of him for the way he's treated you. What did you ever do to make an enemy of him?

Harry—Nothing. Friend or foes are all alike to John.

Mom—And that railroad mess! It's terrible the way they all gang up on you, son. Why don't you tell 'em all to go to thunder and come back to Missouri for keeps while you're still able?

Harry—A President can't walk out.

Mom—It seems that everybody else can. What's all this about you seizing things to right and left?

Harry—It's just a figure of speech. I seize mines and railroads theoretically, that's all.

Mom—You look as if they had seized you, and NOT theoretically. I hate old Mrs. Gufaston more than ever.

Harry—Who is she?

Mom—When you were a baby she said you might grow up to be President!

Harry—Maybe she didn't know what it meant.

Mom—See here, Harry, what's this stuff in the papers about you refusing a pardon?

Harry—What do you mean, refusing a pardon?

Mom—It says you want a second term. Tell me it ain't so!

Harry—Gosh, mother, you told me to go to Washington and plow a straight furrow, didn't you?

Mom—I didn't say anything about an eight-year furrow. Just be sensible, my boy, and come home to Missouri where people love you, where they know you for the fine man you are and where nobody wants to scalp you every few minutes.

Harry—Think how I'd look if I quit the White House, mom!

Mom—Think how you'll look if you don't, my son!

TO THE FOLKS WHO PATRONIZE HONDO RETAIL MERCHANTS

In every good town, people live mostly off each other. There must be steady local trade to maintain local jobs.

The man who pays your salary must get business from other salaried men and women of this community, and from other business men and women so he will be better able to keep on paying your present salary. Within two weeks many local jobs would end if trade slowed down much in Hondo. If \$2,000 were sent out of Hondo for merchandise every week, three or four persons now employed would be laid off. If most of the money being sent out were spent in our hometown, several new local jobs would at once be created.

A larger local payroll would quickly come with more loyal hometown buying. More money would be circulated every week in Hondo, business would improve still further, and every one would benefit.

If every citizen spent his living cost entirely in Hondo, everyone here would live better; everyone would be living off each other, the ideal system. Whenever any citizen sends or spends some of his or her earnings outside the hometown where he made it, the old hometown loses. There are seldom any better prices anywhere else. Seeming savings are not real for the entire purchase price has left Hondo, never to return. Give some local dealer a chance to satisfy you, and be assured he will keep at least the profit on the transaction right here in Hondo.

ZION'S LUTHERAN CHURCH
 Sunday, June 16, 1946
 "Father's Day"

8:30 a. m.—Sunday School with Bible Class. William H. Santleben Jr. Supt.

9:30 a. m.—English divine service. Our members are once more kindly reminded to attend a brief congregational meeting to be held right after divine service Sunday.

An important way of safeguarding the world against future wars is to worship and serve the Triune God faithfully in the days of peace. We extend a cordial welcome to worship with us.

The church with a welcome.
 A. H. FALKENBERG,
 Pastor.
